Additional Household Member Medical Evaluation Report

Name of Person Examined: _____ Exam Date: _____

Date of Birth: _____ Date of Report: _____

The Medical Evaluation Report is used as a component of the foster and adoptive caregiver approval process. It is used to ascertain a medical opinion on the caregiver's physical wellness and capabilities as it relates to the care of children. This includes problems, conditions, and medication use that may affect his/her ability to maintain alertness, endurance, and performance of tasks and responsibilities associated with caring for up to six children, ages 0 to 18 now and in the foreseeable future (five to ten years).

A tuberculosis (TB) test is a required evaluation component. It may be conducted via skin or blood test.

The report must be completed and signed by a licensed physician, physician's assistant or public health department.
